ABOUT THE ARTISTS

Angela Fiammetta is a Bedford, NY based artist whose large-scale abstract stitched paintings, a fusion of textile art and painting, command attention. Her work is an ode to the organic-minimalist style, where the boundaries between the canvas and nature seem to dissipate. Fiammetta's art is a testament to the transformative power of creativity and the boundless depth of human connection. Through her stitched paintings and evocative compositions, she opens a window into a world of wonder, inviting each viewer to find their own unique journey within the tapestry of her artistry. With each brushstroke, Fiammetta's work encapsulates her experiences and the beauty she discovers in the world around her. Her canvases tell stories of nature's changing moods, inviting viewers to explore and lose themselves in her rich creations. For more information about Fiammetta, visit www.angelifiammetta.com
